Warrant for Annual Town Meeting

COMMONWEALTH OF MASSACHUSETTS

FRANKLIN, SS.

To either of the Constables of the Town of Whately, in the County of Franklin:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet in the Town Hall in said Whately, on Monday, the seventeenth day of February next at 11:30 in the forenoon, then and there to act on the following articles:

ARTICLE 1. To choose by official ballot all necessary Town Officers for the ensuing year: Moderator, Treasurer, Town Clerk, one Selectman for three years, one Assessor for three years, one School Committee for three years, one School Committee for one year (to fill vacancy), one Regional School Committee for three years, two Library Trustees for three years, one Cemetery Commissioner for three years, one Cemetery Commissioner for one year (to fill vacancy), Auditor, Tree Warden, Elector under Will of Oliver Smith, and two Constables.

ARTICLE 2. To raise and appropriate such sums of money as may be considered necessary to defray the expenses of the town for the ensuing year.

ARTICLE 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial

year beginning January 1, 1958, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Chapter 44, Section 17, General Laws.

ARTICLE 4. To see if the Town will vote that the Selectmen be authorized to prosecute and defend all suits that may be brought in behalf of, or against, the town, and employ counsel for same.

ARTICLE 5. To see what the Town will do with the money received from the County, called the Dog Fund.

ARTICLE 6. To see if the Town will vote that the Cemetery Commissioners be authorized to act as Sextons, their compensation for cemetery work and opening graves to be fixed by a vote of the Town.

ARTICLE 7. To see if the Town will vote to fix the salaries and compensation of all elective officers of the Town as provided by Chapter 41, Section 108, General Laws; Selectmen, Assessors, Moderator, Town Clerk, Treasurer, Auditor, Collector of Taxes, Elector under the Will of Oliver Smith, Constables, Tree Warden and School Committee.

ARTICLE 8. To see if the Town will raise and appropriate the sum of \$3000 for the maintenance of highways under the provisions of Chapter 81, Sections 26-29, General Laws and amendments thereto.

ARTICLE 9. To see if the Town will raise and appropriate the sum of \$1000 for the maintenance of highways under the provisions of Chapter 90, General Laws, said money to be used in conjunction with State or County funds, or both.

ARTICLE 10. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money for Chapter 90 Highway Construction, or take any action in relation thereto.

ARTICLE 11. To see if the Town will vote to transfer from "free cash" in the treasury, the sum of \$17,000 to meet the State's and County's shares of the cost of Chapter 81 and Chapter 90 highway work, the reimbursements from the State and County to be restored, upon their receipt, to the excess and deficiency account in the treasury.

ARTICLE 12. To see if the Town will raise and appropriate, or transfer from available funds, the sum of \$11,326.47 for the town's share of the Capital Expense of the Frontier Regional School District.

ARTICLE 13. To see if the Town will raise and appropriate the sum of \$33,822.11 for the town's share of the operating expenses of the Frontier Regional School District.

ARTICLE 14. To see if the Town will raise and appropriate the sum of \$150 for Memorial Day Observance to be expended under the auspices of American Legion Post of Whately.

ARTICLE 15. To see if the Town will appropriate from the S. White Dickinson Library Fund the sum of \$2,615.00 for the operation and maintenance of the library.

ARTICLE 16. To see if the Town will vote to accept any Trust Funds which may have been given to the Town during 1957.

ARTICLE 17. To see if the Town will vote to transfer from Surplus Revenue to the Fire Department Reserve Fund, the sum of \$143.82, this being the unexpended balance of the 1957 appropriation.

ARTICLE 18. To see if the Town will appropriate from Road Machinery Fund a sum of money for the purchase of a new Highway Department Truck, and authorize the trade-in of the 1954 Ford Truck now in use.

ARTICLE 19. To see if the Town will vote to authorize and direct the Frontier Regional School Committee to execute and deliver to the Town of Deerfield, a deed of release to about 1120 square feet of land, extending from a point at H.W.B. #2, on the northerly side of Pleasant Street in (South) Deerfield, easterly therein, in the form of an attenuated triangle, with a base of 9.32 feet, in the median line of Bloody Brook, for town way purposes, being part of the lay-out by the Selectmen, to this segment of Pleasant Street, June 12, 1957, filed with the Town Clerk, June 14, 1957, imposed upon the lay-out by the predecessor board of said Town in 1949, which 1957 lay-out was duly accepted by the Town, June 26, 1957; thus effecting a re-alignment of this segment of Pleasant Street, eliminating angles and the bottleneck at the brook, and affording, when the contemplated improvements are made, a clearer and safer approach to the Frontier Regional School Grounds from Pleasant Street; and constituting a public convenience and necessity; hereby adopting and ratifying any deed of release by the Frontier Regional School Committee to the Town of Deerfield of said locus.

ARTICLE 20. To see if the Town will vote to continue the Public Health Nursing District, comprised of the towns of Whately, Sunderland and Ashfield.

ARTICLE 21. To see if the Town will vote to raise and appropriate, or transfer from available funds, a sum of money to purchase a siren for fire department and Civil Defense signaling purposes.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to execute a lease to Arlene Roote Waite for a term of five years from March 1, 1958, to certain land owned by the Town adjoining the Town Hall.

ARTICLE 23. To see if the Town will vote to instruct the Assessors to use the sum of \$12,000 from "free cash" to reduce the tax rate of 1958.

Polls will be open for voting from 11:30 A.M.

until 7:00 P.M.

The business meeting will be called to order at 1:30 P.M.

And you are directed to serve this warrant by posting up attested copies thereof at two public places in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Town Clerk, at the time and place of meeting aforesaid.

Given under our hands this 3rd day of February in the year of our Lord one thousand nine hundred and fifty-eight.

JOSEPH CHUTKOSKI

JOHN NAWSKON

CHARLES N. BALDWIN

Selectmen of Whately

(This copy of the warrant is for information only, and may be added to or deleted prior to official posting).

Respectfully submitted,

ARLENE ROOTE WAITE

Town Clerk

Selectmen's Report

To the Citizens of Whately:

As required by the statutes of the Commonwealth of Massachusetts, we present herewith our report on the activities of the year 1957:

After many delays, which your Board was unable to do anything about, Briggs Bridge at the Hatfield town line on Chestnut Plain Road was finally rebuilt. While there are a few minor items to adjust and complete, which could not be done in cold weather, the bridge is substantially finished and is fully usable. The north approach, which is being built by our own highway crew, with funds remaining from the original appropriation, will be completed as soon as weather conditions allow. We will then have a much improved entrance to the town from the south.

This has been an unusually hectic year for highway work, and not as much was accomplished in permanent work under Chapter 81 as was planned. Increased cost of labor as well as of materials, was a factor, and the necessity of using a portion of these funds for maintenance of Chapter 90 roads also depleted this account more than anticipated. We have a somewhat larger allotment for Chapter 90 maintenance in 1958 which should help a lot.

We were able to rebuild a substantial section of Haydenville Road with Chapter 90 construction funds in 1957, and have now passed the more serious and expensive hazards of this highway. Since we have on hand \$4000 of Chapter 90 money allotted to River Road, as voted at a special meeting in the spring, we have requested the Department of Public Works to allow us to stop work on Haydenville Road for a period, to enable us to rebuild the northern end of River Road, with improved drainage and widening to eliminate a dangerous section of road there.

We believe our winter roads program has been satisfactory to most of our citizens. The new sand truck has been a very useful addition to our equipment and has enabled us to cover the town much faster than previously.

Our welfare expense has been a little lower than in past years and we are able to reduce our 1958 requests somewhat due to this reduction. Veterans' Benefits have been rather high, but the net expense is not bad, as the State makes a 50% reimbursement in this category.

The reports of other appropriation accounts will be found under the various headings.

Respectfully submitted,

JOSEPH CHUTKOSKI

JOHN NAWSKON

CHARLES N. BALDWIN

Selectmen

Reserve Fund	3500 00*	
Veterans' Service Center	150 00	
Contributory Retirement System	1081 06	
		<hr/> \$150276 64

* These items should be taken from available funds and therefore not affect our tax rate, except that \$1000 must be appropriated from taxation for Chapter 90 Construction.

The Finance Board has given close consideration to the various requests for funds for 1958 operations and has held their recommendations to the minimum that they feel will enable the continuation of services at reasonable standards.

School, both local and Regional, as usual demand a high proportion of the budget, and it appears that these boards have cooperated so far as they feel possible, but they must maintain standards of salaries and services consistent to good education. Their budgets are higher in consequence and little or nothing can be done about it.

We have not felt that new highway work should be eliminated, and an appropriation of \$2500 is recommended which with matching funds and the \$4000 remaining from 1957 appropriations will give us \$14000 for reconstruction on River Road. Part of our share will come from Chapter 718-1956 State Bond grant, but the State and County do not want to match these funds without some town appropriation, so we are recommending \$1000 from taxation and \$1500 from Chapter 718 funds.

A highway truck exchange seems advisable, but this will appear in a special article, with some figures available at town meeting. This will not require any tax money as Road Machinery earnings are sufficient to cover this expense.

The free cash balance is better than was anticipated, and while we do not know at this time what the "cherry sheet" from the State will show as estimates of charges and credits, we think the use of \$12000 from "free cash" to reduce the rate, together with a direct draft from that source towards Regional School Capital Expense should enable the holding of the tax rate to a modest increase. We cannot avoid some raise in the rate, as increased expenditures must inevitably be reflected in the tax rate.

The assessors hope to put the new revaluations into effect in 1958 assessments; however, while increased valuations will reduce the tax rate, the actual money to be raised will be unchanged, and in most cases the tax bill will not be materially changed.

The following recommendations for Town Officers' salaries involve no changes, except to reduce the Collector's salary to a straight \$1200 as agreed with him last year, and additional costs of registrars and election officers due to State elections in 1958:

Moderator	\$ 25 00
Selectmen—Chairman	300 00
Selectmen—2 Members at \$150	300 00
Auditor	100 00
Treasurer	600 00
Collector	1200 00
Assessors—Chairman	250 00
Assessors—2 Members at \$200	400 00
Town Clerk	100 00
Registrars, 3 at \$40.00	120 00
Clerk	65 00
Police and Constables	
(at \$1.25 per hour)	350 00 (estimated)

Elector	10 00
Appointive:	
Bookkeeper	600 00
Town Counsel	200 00 (estimated)
Asst. Registrar	75 00 (estimated)
Election Officers	125 00 (estimated)
Sealer of Weights and Measures	100 00
Plus fees	50 00 (estimated)
Dog Officer (at \$1.25 per hour)	50 00 (estimated)
Fire Chief	100 00
	<hr/>
	\$5120 00

Auditor's Report

To the Citizens of Whately:

I herewith submit my fifth report as Auditor for the Town of Whately.

Inasmuch as a detailed listing of Bonds in the safe deposit vault in the First National Bank of Northampton and also listings of the many trust funds deposited in several savings banks in the area appear elsewhere in this report, I will not list them here.

I examined the above-mentioned bonds and savings bank books and found them in good order and all transactions true and correct as reported by the Treasurer.

The tax collector's books and accounts have been examined and all totals verified. I found that the Collector has received and turned over to the Treasurer \$102,256.85, which amount agrees with the Treasurer's records.

Percentage-wise, less than 15% of committed taxes for 1957 were outstanding on Dec. 31, 1957. This is lower than it has been of recent years.

The totals of orders drawn by the Selectmen and paid by the Treasurer have been verified and are accurate as reported.

Actual count of cash in the possession of the Treasurer, and verification of the balance on deposit in the First National Bank of Northampton proved that the Treasurer had in his possession and due the Town of Whately on Dec. 31, 1957, the sum of \$80,826.87, which figure agrees with his records.

I appreciate the cooperation of the town officials concerned during this audit.

Respectfully submitted,

MORRIS R. DWIGHT

Town Auditor

Due to the new law governing farm animals, (farm animal excise), and farm machinery exemption we have lost a considerable amount on our personal property valuation.

We have received our revaluation figures from J. M. Cleminshaw Co. and have started to compile the figures.

We will do our utmost to use the new figures in 1958.

Respectfully yours,

STEVE M. OLYNIK

FRANK E. SKROSKI

Report of Public Health Nursing Advisory Committee

To the citizens of Sunderland, Whately and Ashfield:

I herewith submit my ninth annual report of the Public Health Nursing Advisory Committee.

A meeting was held in Sunderland in April when routine matters were discussed and the nurse's report heard and accepted. The December meeting in Whately was devoted mainly to the budget and needed supplies. Following acceptance of Mrs. Sluter's report the request for a filing cabinet and a new portable sterilizer was granted. Mrs. Sluter was granted a one hundred dollar raise, the first since she took over the duties more than a year ago.

The nurse's report speaks for itself as regards visits and clinics in the area.

I wish to thank all who have assisted at the clinics and to any who have helped make the health program a success.

Respectfully submitted,

DOROTHY G. STRIPPE

Chairman

Report of Public Health Nurse

FOR 1957

To the Citizens of Sunderland, Whately and Ashfield:

I herewith submit my annual report as Public Health Nurse for the towns of Sunderland, Whately and Ashfield.

The visits for 1957 are recorded as follows:

Non-Communicable	354
Maternal and Child Health	86
Acute Communicable	24
School Health	239
Adult Health	52
Dental Surveys	3
Immunization Clinics	16
Not at Home	7
Conferences and Consultations	25
Transportation	21
Home-School	41
Well Child Conferences	7½ days
<hr/>	
Total	871
Total Receipts	\$159 50

An epidemic of Asiatic flu occurred this Autumn, making attendance at school very low, other communicable diseases were not as prevalent as in some years.

Pre-School and school children received their booster doses of Salk vaccine from the school physicians. Adult clinics were held in each town with an excellent response. It was pleasing to note the desire by the young adults to become immunized. Again we were fortunate to have no cases of paralyzing polio in our communities.

The Well Child Conferences were held in each town, but Sunderland. Dr. Merritt B. Low and Dr. Paul Koehler, both of Greenfield, were attending physicians. Two hundred and fifteen pre-school children were examined.

The morbidity cases are about the same as last year. The general health of the community is apparently good.

It was my privilege during the first week of June, to have the opportunity to take a 30 hour course at the University of Massachusetts, "Nursing in the School-Age Child." I felt it was very beneficial and informative.

In conclusion, I wish to thank all parents, teachers and voluntary workers for their cooperation and assistance in making this a successful year.

Respectfully submitted,

CAROL I. SLUTER, R. N.

Public Health Nurse

Report of Southern Franklin Welfare District

Mr. Joseph Chutkoski, Chr.

Board of Public Welfare

Whately, Massachusetts

Dear Mr. Chutkoski:

We herewith submit a report on Old Age Assistance, Disability Assistance and General Relief for the year 1957.

At the close of the year, we have 13 O.A.A. cases with one new application. There are none on A.D.C. or D.A.

The following comparisons will show greater amount spent on O.A.A. with less cases. This is due to cost of living increase of 5.7% and the legal liability of children decreased. O.A.A.

Submitted by LOUISE J. CLARK, Agent

Report of the Fire Chief

To the Board of Selectmen

Whately, Mass.

Gentlemen:

I herewith submit my annual report for the Fire Department for 1957. There were thirty-eight fire calls the past year, an increase of thirteen calls over the previous year. The calls are as follows:

Chimney	6
Dump	7
Overheated stove	1
Unknown	1
Mutual Aid	5
Brush	6
Grass	1
Auto and Truck	4
Tent	1
Food	1
Flooded Oil Burner	1
Corn stalks	1
Halloween	1
False Alarm	1
Fourth of July	1

While I have listed the Fourth of July call as one fire there were actually six calls on that date, which makes the total forty-three.

May I again stress the point in memorizing the telephone number of the Fire Department, which is 5-2167, so that you may minimize the time in getting the local department.

This year we were called five times under the Mutual Aid System to help other towns.

In the previous year's report, you will recall, that I

recommended money to be provided with matching CD funds for a larger siren. However, under this system the siren can be used only for emergency warning. It was therefore deemed advisable not to purchase same. I therefore recommend that the money that was raised last year be used, plus enough additional money, for the purchase of a larger siren to be used as a call system, as with the dial telephone our present system is very slow. In the past we have had two fire phones for the purpose of reporting fires, there is now another being installed for this purpose, making a total of three.

The detailed expenditures of this year's appropriations will be found elsewhere in the annual Town Report. Any unexpended balances or money raised from outside sources will be applied to the Fire Department Reserve Fund.

I wish to take this opportunity to thank all the men in the Department for their cooperation and also all others who have participated in any way.

Respectfully submitted,

EUGENE N. GRAVES

Fire Chief

Report of the Inspector of Slaughtering

Board of Selectmen:

The calendar year of 1957 showed the following inspections of meat made and all were approved. I stamped with approval six (6) beef animals and reported these inspections to the State Dept. I traveled a total of 46 miles, and collected a total of \$12.00 for my fees.

Respectfully submitted,

RICHARD S. HANNUM

Inspector of Slaughtering

Report of the Inspector of Animals

The annual inspection of animals and barns was made and showed the following results:

Sixty-two barns housed 668 head of stock (18 of them purebred), 30 horses, 165 sheep and 29 swine.

Condition of animals and barns was satisfactory, (with one exception last spring).

Five dogs were quarantined during the year. Four farms had reactors under the brucellosis program.

Respectfully submitted,

JAMES LaSALLE, Jr.

Inspector of Animals

Report of the Tree Warden and Moth Superintendent

To the Citizens of Whately:

The new disease discovered last year among our Ash trees is still unidentified. The University of Massachusetts worked with the University of New York in an effort to identify and control or eradicate the disease without result. There are several large ash trees in West Whately that are dead and must be taken down.

Three large maple trees, attacked by Verticillium Wilt, have been taken down on the recommendation of the University. Several smaller trees on private land have the same disease. These were discovered through reports of residents that young maple trees were dying.

The roads of the Town were again free of blowdowns and consequently free of obstruction to traffic.

The Dutch Elm disease caused removal of twenty-eight large trees; six remain to be taken down under the 1958 appropriation.

Forty nursery-bought trees of different varieties of maple were planted along our roadsides, and it is planned to continue the project next year.

Periodical inspection found the Town free of insects and pests in noticeable numbers, so that it was deemed unnecessary to spray, and the money appropriated for that purpose was utilized to remove diseased Dutch Elm trees.

Routine tree care by branch removal and tree cabling where necessary was performed as the need arose.

We wish to thank the townspeople for their cooperation and again invite them to come to us with their tree problems; we pledge our prompt attention and cooperation in the common good.

Respectfully submitted,

CHESTER F. WROBLEWSKI

Moth Superintendent

Report of the Sealer of Weights and Measures

Board of Selectmen:

During 1957 I inspected and sealed 20 scales 100-5000 lbs., adjusting several and condemning none; 14 scales under 100 lbs.; 16 gasoline meters and 4 oil and grease pumps. Total fees collected \$47.00, paid over to the Treasurer.

Respectfully submitted,

LOUIS KANDSZ

Sealer of Weights and Measures

Report of Library Trustees

To the Citizens of Whately:

Our library staff has been very busy this year, but our two librarians have done, we believe, an exceptional job in serving our public. With the assistance as needed, of Gail Lawrence and Linda Daniels, to whom we express our thanks, Mrs. Cane and Miss Allis have kept the cataloging and circulation desks up-to-date, even though the circulation has increased substantially, more than 20% over 1956.

Reference use by students has greatly increased, requiring a great deal of the librarians' time, and our reference books have been added to in cooperation with the various schools.

Re-registration of active borrowers shows that there are 264 persons taking out books regularly, more than one-half of them under 16.

There have been numerous donations of books for which we express special thanks. New curtains have been installed in the reading room, kitchen, hall and lower stack room, adding much to the attractiveness of the interior. We are planning to gradually develop a museum-room with a collection of Whately mementoes, and will gladly accept any contributions of suitable material for such a room.

The increased cost of books is limiting the purchase of new volumes which we would like to add, but we are not asking any increase in the town appropriation for 1958 except that necessary to offset a loss in the County Dog Fund.

We trust that any persons desiring special books which would be general interest will make their desires known to the librarians or to the trustees, who will make every effort

to comply with your requests within our financial limits.

Respectfully submitted,

THE TRUSTEES OF THE
S. WHITE DICKINSON
MEMORIAL LIBRARY

Fiction	732
Non-fiction	171
Total	4613

Total circulation for 1957	14,021
----------------------------	--------

Popular adult books showed a wide range of interests. Sociological studies, stories with Maine or New England backgrounds, science fiction held their own along with Westerns and romance. Mysteries slipped far behind all other classifications.

In non-fiction there was steady demand for anything dealing with the Civil War as well as calls for biography and travel.

Young people were particularly interested in historical novels, mysteries and biographies, with horse stories still far ahead of any others for young teens. Airplanes, trains, trucks, animals and farm stories having the highest popularity rating with second and third grade people.

FILM SHOWINGS

14 films seen by 337 viewers.

Loaned to 4 organizations besides the Library.

The Library was opened 145 days in 1957 making an
average of 97 books circulated a day.

THE LIBRARY STORY FOR 1957

The two big changes this year were the increased use of the Library's reference facilities and the great popularity of primers and picture books among Whately's newest generation. Research requirements made by the Frontier Regional High School and the East Whately Grammar School added to those of Whately's college students kept the librarians busy providing material on Bevatrons, primitive religions, racial integration, missiles, short wave radio, Whately's history, as well as the usual queries on gardening, decoration, manners, pets and such.

In addition the Library

LENT

Books, magazines and pamphlets totaling 14,021.

GAVE

Talks to three groups on library services.

ACQUIRED

Bookshelves in the downstairs stack room, a living Christmas tree on the lawn, and curtains for the Library's kitchen.

WAS HOST TO

Eight organizations in the course of the year.

HELD

A Christmas Card Contest among the first six grades for the Christmas Book Fair.

PRODUCED

A Christmas Book Fair to provide extra funds for buying Primers and Picture Books.

REGISTERED

All active borrowers and found there were 264 of them.

INSTITUTED

The Whately Bookmobile, a bi-weekly service to shut-ins operated by Adelia Allis, Associate Librarian.

DONATED

Books weeded from fiction shelves to Good Will Industries.

FORGAVE ALL FINES DURING WEEK OF Dec. 17-22.

THANKS are owed the many patrons of the library who have helped to make this a banner year, especially:

Frederick Adams for the wooden blocks for tall book substitutes;

Lucius H. Allis for his gift of a drum once used in the Whately band and many valuable reference works including an Encyclopedia Britannica;

Paul F. Field for making the book cases so greatly needed in the stack room;

Sabin Filipkowski for providing 86 helpings of ice cream to the children at the Christmas party;

Marion Carter for the 138 children's books she gave the library;

Anne Morton for the Whately clippings she brings the Library each week;

LaSalle's for their table of Christmas decorations at the Book Fair that added to its success and revenue;

Whately's PTA for holding a Food Sale at the Book Fair and donating the proceeds to the Children's book fund;

Mrs. Grace Graves, Marjorie Grover, the Eric Wentworths, and Mrs. Ena H. Monk for their contributions of books;

Mr. and Mrs. Howard Waite for the National Geographics they gave to be used for cutting up by the East Whately school people;

Mr. and Mrs. Elliot Barker for their donation of the Saturday Evening Post.

Respectfully submitted,

ALEC C. SOKOLOSKI

Director

Frontier Regional School

Superintendent-Principal's Report

It is my pleasure to submit my second annual report to you in which I have briefly outlined the various phases of the Frontier Regional School.

I hesitate to say that school is running quite smoothly at this point because a year ago I had made the same statement and on February 1st, we had a serious fire which destroyed the Junior high wing. After considerable confusion and planning and with many handicaps confronting us, we have overcome all obstacles and are now running in high gear for the first time in every department.

Enrollment Figures

The school enrollment by grades as of October 1, 1957 is as follows:

	Boys	Girls	Total
Grade 12	20	24	44
Grade 11	37	39	76
Grade 10	38	46	84
Grade 9	50	49	99
Grade 8	38	51	89
Grade 7	55	41	96
School Total			<hr/> 488

Distribution of Enrollment by Towns

	Jr. H.S.	Sr. H.S.	Total
Conway	29	46	75
Deerfield	92	143	235
Sunderland	34	54	88
Whately	30	57	87
Ashfield	—	3	3
	<hr/> 185	<hr/> 303	<hr/> 488

Note: One Whately student on Home Instruction

Grand Total	<hr/> 489
-------------	-----------

Next September we expect an incoming seventh grade enrollment of 130, which will require an additional teacher for that class. We expect to graduate a senior class of 48 pupils. The figure 48 is 4 more than is indicated herein due to the fact that there are 4 juniors who were held back due to the fact that they did not have a sufficient number of credits to become a full-fledged senior. However, these four boys are taking extra courses and if they can pass all courses they will graduate next June.

I would estimate that the enrollment next year will be approximately 570 pupils as compared to 488 this year.

Enrollment by Courses

	P.G.	Col.	Com.	Gen.	V.A.	H.A.	I.A.	Tot.
Grade 9		38	20	13	5	5	18	99
Grade 10		29	20	20	7	8	0	84
Grade 11		27	15	26	8	0	0	76
Grade 12	3	20	9	10	2	0	0	44

Faculty Changes

The number of teachers leaving the Frontier Regional School faculty has been relatively small. We lost five members as follows: Chaloner Spencer, who joined the faculty of Wesleyan University; Richard Cahill, who became director of admissions at Rhode Island University; Philip Smith, who became principal of a grammar school in Amherst; Frances Dowd, who accepted a position in California and Eleanor Webber, who took a position in Long Island to be near her husband.

Frontier Regional School Faculty

1957 - 1958

Ames, William — Jr. H. S. Social Studies, 7th Gr.; Jr. H. S. Coach — Colby College, B. S.; University of Massachusetts, M. S.

- Thomas, Leslie — Jr. H. S. English, 8th Gr.; Bates College, A. B.
- Thompson, Charles B. — Guidance Director — Springfield College, B. S.; University of New Hampshire, M. Ed.
- Wilson, Miss Peggy — Arts and Crafts, Mechanical Drawing — Tufts University, B. S.

Proposed School Calendar for 1957-1958

1957

- Sept. 2 Mon., Labor Day
 3 Tues., All Teachers meet at 2:00 p.m.
 4 Wed., School opens at 9:00 a.m.
 11 Wed., School Closed, Franklin County Fair
 27 Fri., First monthly report due
 Oct. 11 Fri., School closed, Franklin County Teachers' Convention.
 25 Fri., Monthly report due
 Nov. 8 Fri., First Quarter Ranking Period ends
 11 Mon., All Schools closed, Veterans' Day
 22 Fri., Monthly reports due
 27 Wed., School closes at 12:15 for Thanksgiving Recess
 Dec. 2 Mon., School reopens
 20 Fri., School closes at 3:00 for start of Christmas Recess
 Monthly Report due

1958

- Jan. 6 Mon., School reopens
 24 Fri., End of First Semester. Mid-Year Exams
 31 Fri., Monthly reports due
 Feb. 21 Fri., School closes for Winter Vacation
 Mar. 3 Mon., School reopens
 7 Fri., Monthly reports due
 Apr. 3 Thurs., Third Quarter Ranking Period ends. Monthly report due
 4 Fri., Good Friday, no school
 18 Fri., School closes at 3:00 for Spring Vacation
 28 Mon., School reopens
 May 9 Fri., Monthly report due
 30 Fri., No School, Memorial Day
 June 5 Thurs., Final Exams for Seniors
 6 Fri., Final Exams for Seniors. Monthly reports due
 11 Wed., Final Exams for Underclassmen
 12 Thurs., Final Exams for Underclassmen
 13 Fri., Final Exams for Underclassmen. Final Ranking Period ends
 18 Wed., Graduation Exercises
 20 Fri., Rank Cards issued. Final day for Underclassmen.
 Monthly reports due
 Sept.—18, Oct.—22, Nov.—18, Dec.—15, Jan.—20, Feb.—15,
 Mar.—21, April—16, May—21, June—15; Total—181.

Salary Schedule Revised

In order to keep up with other schools of comparable size in this area, the school committee adopted a new salary schedule last fall as prepared and recommended by the Frontier Regional School teachers. The teachers committee's recommendation to eliminate inequalities of salaries was also accepted by the school committee. The recommended schedule as presented by the teachers was very modest and fair and consequently the school committee adopted it in its entirety. The schedule is as follows:

	Bachelor's Degree	Master's Degree
Beginning teacher with no experience	\$3500	\$3800
One year's experience	3650	3950
Two years' experience	3800	4100
Three years' experience	4000	4300
Four years' experience	4200	4500
Five years' experience	4400	4700
Six years' experience	4600	4900
Seven years' experience	4800	5100
Eight years' experience	5000	5300
Nine years' experience	5200	5500

Note:

1. All individuals who had 0, 1 or 2 years of experience followed the first three steps.

2. Anyone with 3, 4 or 5 years was placed one step lower than the actual scale on which the correct year is given.

3. Anyone with 6, 7, 8 or 9 years was placed two steps below the actual year as given on the scale with the exception of those teachers retained from Deerfield H. S. in which case he or she was placed only one step below the actual year.

4. Anyone with 10 to 15 years' experience was placed on three increment levels above \$4000. If anyone was on tenure, he or she was given an additional increment.

5. Anyone with over 15 years of experience was given an additional increment.

6. Anyone with 15 years of experience and with no degree had the same rights as those with 10 to 15 years' experience, with the exception of losing 4 years because of no degree, and thus was placed on the \$4000 mark.

The foregoing schedule becomes effective as of January 1, 1958.

In addition to the regular salary schedule, specified sums, totaling \$2800, are given to those teachers who handle such activities as boys' and girls' athletics, faculty manager, dramatics, cheerleading, yearbook, driver training, etc.

Highlights of 1957

Probably of the many highlights which occurred in 1957, the winning of the University of Mass. Class B basketball tourney and the auspicious debut of our band must stand out.

Coach Max Moczulewski's scrappy, well-drilled basketballers brought much credit to our new school by their remarkable performance in winning the tourney. Much credit is due to Coach Moczulewski for his fine coaching.

The appearance of our 70 piece band, resplendent in their snappy new uniforms, captivated the fancy of not only the Frontier followers, but of the entire area. Much credit should be given to the Band Boosters who did so much to raise funds for the uniforms. However, the bulk of the credit should be given to the band's tireless director, Burchard Tainter, who did so much in such a short time, in molding together this fine organization.

Other highlights of the year at Frontier were as follows: the Carnival Ball, in which Rosemary Gritz was chosen Carnival Queen; the Student Exchange Program with Northampton H. S.; the Cheerleaders' Tournament under the able direction of Catherine Peterson; the Latin Banquet; the spring musical concert; the school play, entitled "Our Town"; the Senior Prom and, of course, our commencement exercises.

Large Percentage of Frontier Graduates Continue in Higher Education

A large percentage of the Frontier Regional School graduates of last June are pursuing courses of higher education in Mass., Conn., Maine and Maryland. Actually 58 per cent of the graduates are continuing their education. Of all the Regional schools in operation throughout the state, Frontier was tied with Lincoln-Sudbury in percentage of graduates who are continuing in higher education, according to a report by state director of statistics, John P. McMorro. Third was Wachusett with 46 per cent; and then Acton-Boxborough, Silver Lake, Tantasqua, Lincoln-Sudbury, Amherst-Pelham and Southern Berkshire in that order.

It is expected that this year's graduating class will continue this high percentage of interest in higher education. This is a tribute to the entire faculty of Frontier and Charles Thompson, our guidance counselor.

Industrial Arts and Arts and Crafts Programs in Auspicious Starts

The fall of 1957 saw the start of two much needed programs, namely, the industrial arts program and the arts and crafts program.

The industrial arts program made a late start due to late delivery of machines but once it got underway, under the capable leadership of Donald MacDonald, the classes soon showed remarkable ability. Many fine projects have already been completed.

Although the program consisted of only woodworking, it is planned to add electricity and sheet metal in the near future.

The Arts and Crafts program, under the supervision of Peggy Wilson, has already made rapid progress since last September. It is hoped to add Ceramics in the near future.

New Programs Recommended

A program of accelerated science has been recommended to the school committee wherein the course in General Science, usually given to the Freshmen, would be presented to the eighth grade; Biology, usually offered in the Sophomore year, would be studied in the Freshman year; Chemistry would be offered the Sophomore year; Physics would be offered in the Junior year and a new course in Advanced Science would be taught in the Senior year to those outstanding pupils who have done well in the first three science courses.

This program would be difficult to institute in the first year but could be implemented gradually.

Another program which is going to receive greater emphasis

is the reading program. Needless to say, reading being the basis for all study should receive all the attention necessary in order to raise the standard of reading and reading comprehension. Before the end of January, we hope to start a program of reading improvement as recommended by the Science Research Associates. Several schools in Western Mass. have already started such a program and it has proven most valuable.

In Conclusion

Under normal circumstances the position of superintendent-principal would be a most difficult and thankless position. However, I would like to remind you that we have had virtually every obstacle possible to overcome. With a new school being formed which involved the uniting of seventh and eighth graders with the senior high school, a new faculty, instituting new policies, a building that was not completed, a disastrous fire, lack of equipment, moving from one building to another, and many other problems too numerous to mention, it is amazing that we have done as well as we have.

I believe that we are now in a position to concentrate on the best possible program of instruction for our youth. Although we must agree that we have some of the finest facilities money can buy, we must remember that more important than the facilities is the fact that we must strive to give our youth the best education possible. Our children must be provided with a desirable environment wherein they are given opportunities to grow at their own rate, in their own way, physically, mentally, emotionally, and socially.

No single standard of achievement can be set up for all pupils. Each must be challenged to work to his greatest capacity. Instruction and learning situations must be geared to provide success, through effort, for children at all levels. Every provision for individual differences must be made.

I wish to thank those who have given me valuable assistance and encouragement during this most difficult and challenging year.

DANIEL W. ALVINO

Superintendent-Principal

* 1957 Reimbursements as awarded have apparently ignored the fact of our transporting Regional School pupils. Claims are being computed accordingly; but a clarification of whole situation has been requested by letter to the State Dept. of Education.

Report of Superintendent of Schools

Charles A. Pielock, Chairman

Whately School Committee

Dear Mr. Pielock:

This is my seventeenth consecutive yearly report as Superintendent of Schools for Whately. It covers the calendar year 1957, with accompanying statistics and specialized reports, and it discusses certain prospects for 1958, — all under appropriate headings.

ENROLLMENTS AND PERSONNEL

Ages in years, as of October 1, 1957:

													Grade
Grade	5	6	7	8	9	10	11	12	13	14	15	Totals	
1	6	18	1									25	
2		9	11	1								21	
3			5	9	1							15	
4				13	11	4						28	
5					6	11						17	
6						6	9					15	
<hr/>													
Ages Tot.	6	27	17	23	18	21	9					121	

As previously, the above tabulation shows the Age-Grade pupil-distribution in the two Whately elementary school buildings, with heavily-inked numerals denoting the numbers of "normally-aged" pupils in each grouping. Besides the elementary schools, other Whately-resident day school pupils are distributed as follows:

Schools Attended	K-6	7	8	9	10	11	12	P.G.	Totals
Frontier Regional H.S.	0	19	11	21	19	14	3	0	87
Smith's Agric. School	0	0	0	1	2	4	1	0	8
Northampton H.S.	0	0	0	0	0	0	5	0	5
The Bement School	2	0	0	0	0	0	0	0	2
Other Private Schools	2	0	1	0	1	0	0	0	4
	—	—	—	—	—	—	—	—	—
Totals	4	19	12	22	22	18	9	0	106

Besides all the foregoing day school pupils, some few adults attend various Evening Practical Arts courses in other localities with their tuition fees paid from your school budget.

Last September a change was made in class-accommodation, — from the previous double-grading to a single grade per classroom for all six grades; and Mrs. Filipkowski was appointed to teach Grade 4 in the East School building. That move has greatly reduced the housing difficulties in both schools; and it has improved matters generally for each of the other teachers, all of whom returned to our service in September.

SUPPLIES, EQUIPMENT & FACILITIES

As throughout the past years, it is your policy to keep these items adequate for our needs, and we usually manage to do so. Basic supplies are ordered in December, and this assures most instructional supplies being on hand throughout the ensuing year; but books are inventoried towards the end of each school year, and our needs listed as soon as feasible thereafter in preparation for school re-opening in September. Occasionally, something goes awry; and books badly needed are received incorrectly as to types and numbers, or orders go astray, or shipment is not made at all.

During 1957 there were a couple of instances of such happenings, with one fill-out set not shipped at all, — it didn't arrive until December, and happened to be in a subject upon which there has been nation-wide concern recently. The

other was a History reader, — a very good beginner's book which was finally reported to us as out of print. We then obtained a replacing set.

Those things happen, and are unfortunate. But with the nation-wide surge in pupil-numbers, publishers have been at their wits' end to keep pace with the demand for texts; they, too, have personnel changes, with inexperienced people handling orders; and they, too, make mistakes.

At the East School building we have made a start towards equipment with modern movable desk-and-chair sets; and in Mrs. Hall's room your Committee has supplied a type of student arm-chair, with space for books, which was purchased for Frontier Regional High School. It fulfills its purpose excellently; is easily handled; and occupies less space than do the separate desks and chairs, and is less expensive to buy.

The school lunch program is operated under conditions not encountered elsewhere in this Union, for all food preparation is done at one building, then food is transported to the other building so that serving is done at both. Your Committee is now considering ways and means of justifying a return from the present twenty-five cent rate per meal to the twenty cent rate previously used.

Transportation facilities are adequate, though complicated by timing of the buses and the need of transfer points on the various routes. As pupil-numbers increase, of those enrolled at the Regional high school particularly, consideration must be given to larger buses or to route-revisions.

EDUCATIONAL COSTS

Each year these increase, as salaries have to be revised, tuition costs increase in other communities, and materials and transportation costs increase. A comparison of the 1957 School appropriation total with the estimate submitted for 1958 shows an increase of \$2409.00, or nearly five per cent.

Many factors contribute to this increase, naturally. The

tuition rate at Smith's Agricultural School was increased from \$250.00 to \$350.00 per pupil per year, and at Northampton High School from \$300.00 to \$500.00 similarly, — we shall have no pupils at the latter school after next June. High School Transportation has had to be increased for reason of another of the buses having to extend its route to Frontier Regional High School. The biggest single item of note is in Teachers' Salaries, however, where an additional \$2406.00 has had to be added over the 1957 item amount. Teacher salaries are paid over twelve months of the year, September-through-August; so that if an additional teacher is added as of September first, one-third of her salary rate is budgeted, — the following year the whole salary must be included in the budget.

Offsetting a considerable share of the total cost of Education is the Reimbursement we receive from the Commonwealth. Through the years there have been minor changes in the Computation of those amounts; and when the Regional High School was established it was said that a fifteen per cent increase would be due each participating town in the "State Aid, Chapter 70" item, and that a hundred per cent of the cost of transporting pupils would be reimbursed, — for those living more than a mile and a half from the school attended, and presumably for each bus carrying Regional pupils. I regret to go on record that that expectation has not materialized in such fashion.

Accordingly: — During 1957 we received in Chapter 70 the same amount received for that item in 1956; and, I am informed that that same amount will be forthcoming in 1958, despite claims. Similarly, there is a very serious question on the returns due the town on "Transportation, Chapter 71." I received a letter from the State Department of Education recently in reply to my own letter requesting clarification; and it was obviously a reply to many similar inquiries, being a mimeographed affair addressed to superintendents generally. It promises an "official statement for 1958 after the beginning of the New Year"; and I hope it will clear up the whole situa-

tion involving reimbursements to towns participating in support of regional high schools.

MISCELLANEOUS DISCUSSIONS

The need for substitute-teachers, discussed in previous reports, is very great. I shall be glad to discuss such service with Whately-resident women who have had any previous teaching experience or who have been trained for teaching without having had actual teaching experience.

After two years' duration, our Remedial Reading program was terminated last June by vote of the Joint Committee of this School Union.

The Industrial Arts Program discussed a year ago was established at Frontier Regional High School with a fine instructor and with excellent equipment. The emphasis has been on Woodworking this past year, but I am assured that the range of activities is to be widened considerably.

The minimum entering age into Grade One of Whately schools is now FIVE YEARS, NINE MONTHS AS OF OCTOBER FIRST, with exceptions only via proper psychometric testing between that age and three months younger.

In work certificates, the upper age limit is now 18 years; so that anyone working for pay between the ages of 14 and 18 must have a certificate, and between 14 and 16 there must first be issued a "Promise of Employment Card," to be filled out by the prospective employer on one side and by a physician on the other. Applicants for work certificates may apply for them at my office on school days between the hours of 8:45 A.M. and 4:30 P.M., — otherwise by appointment only. Applicants working or attending school in Northampton may apply at the office of Supt. William R. Barry in Northampton High School, who is authorized to issue such certificates for me.

CONCLUSION

I offer my grateful thanks to your Committee, and to all others who have contributed in any way towards the successful operation of our schools throughout the past year.

Very respectfully and sincerely,

SIDNEY OSBORNE

Superintendent of Schools

Report of Art Supervisor

Mr. Sidney Osborne
Superintendent of Schools
Whately, Massachusetts
Dear Mr. Osborne:

It was Plato's theory that art should be the basis for education. With this in mind I sought to discover, encourage and guide the creative expression common to all children here, and well developed in many.

Attempt was made to coordinate the advantages of the so-called academic and progressive schools of teaching. The skills and discipline of the one, and the self-expression of the other need to be blended in creative experience. Art was not dealt with in any classical or orthodox sense, but as serving to arouse in the individual some desire or need for creative experience, and as an opportunity for its cultivation. The teaching process in general included a wide range of creative visual arts, and techniques were geared to the natural growth of the child. The children were taught to use art in many forms, to express ideas from within and outside the individual personality.

Emphasis was often placed on design, for design is universal in its application, it can be present in all things produced out of color, space, and form, including pictures, sculptures, crafts, merchandise, decorations, costume, gardening, architecture and town planning. Design on all these counts should be given an early start, should be understood, assimilated and used. Good subject matter was our starting point and design problems, along with problems of expressing reality, which were solved according to each individual need.

I noticed early symptoms of certain childhood maladjustments and neurosis in the lower grades, but nothing that we did not iron out.

I have seen children experience intense satisfaction from their art, a satisfaction derived from a feeling of achievement. This I believe develops their personality and leads to fuller lives.

To me it was a joy working with such nice children, and a great accomplishment to have uncovered any artistic talent which might have lain dormant.

I sincerely wish to thank Mr. Osborne, the School Committee members, and all the teachers, and parents for their cooperation and assistance throughout the year.

Respectfully submitted,
CAROL Z. SMITH

Art Supervisor

Report of Music Supervisor

Mr. Sidney Osborne
Superintendent of Schools
Whately, Massachusetts
Dear Mr. Osborne:

I herewith present my annual report.

In retrospect it appears that growth in general music over the past year has been one of steadiness, showing an increasing awareness of music over the six year period in which pupils are in the schools of this town.

It is the aim of this supervisor to assure that further music interest be based on the work of the first six grades and that the transition from this level to that of Junior High be one of smoothness, ease, understanding and enthusiasm. That the basis for music at the next level, when experiences have considerably broadened, be so well established in the general music class of the elementary school that the change from one to the other be out of natural growth.

Encouragement is given to small groups and individual activity and the entire class group as well. Musicianship is fostered, knowledge of music notation is taught, moods and mental pictures formed. While there is no formal instrument program any who study privately are invited to share with the class his instrumental experiences; instruments of the orchestra are discussed with demonstrations often times provided by students of the Frontier Regional School.

Classroom books used are of "Our Singing World" series and seem to be accomplishing those aims listed. Each grade level has its own book and gradations are made systematically. Subject matter is interesting, material for unit study ample, while the format has eye appeal. Supply of classroom books is satisfactory.

Music is a tool to help a child become a well balanced personality; this is definitely accomplished when teaching personnel have the insight and will, as do those of this Union, to make music the vital force in a child's daily life. For this I express deep appreciation, and to the tax payer who provides the essential means upon which the school music structure really rests.

Respectfully submitted,

ISABEL B. MONTAGUE

Music Supervisor

Report of School Nurse

Mr. Sidney Osborne
Superintendent of Schools

Whately, Massachusetts

Dear Mr. Osborne:

I herewith submit my report as School Nurse for the towns of Conway, Whately and Sunderland.

One hundred and seventy-two school visits and thirty-one visits to the homes of sick children were made.

The annual vision and audiometer testing were completed with any impairments reported to the parents. Weighing and measuring of the children were done in the Fall and Spring. Physical examinations were done by Dr. Louis S. Boeh in Conway, Dr. Kenneth H. Rice in Whately and Dr. John P. Colleran in Sunderland. Poor feet and tonsils were the defects most commonly noted.

The immunization clinics for Diphtheria, whooping cough and tetanus were held in each town. Attendance was good at each.

Salk vaccine was administered by the School Physicians to the children eligible to receive their booster doses.

A dental survey was done by Dr. Richard A. Mahoney in each school. Upon its completion, dental certificates were sent to parents. It was very pleasing to note that a very large percentage of them took their children to their family dentist for needed dental care.

Five children spent three weeks at the Greenfield Health Camp during the Summer, each seemed to benefit from the experience.

It was my privilege during the first week of June to be able to attend a 30 hour course at the University of Massachusetts, "Nursing in the School Age Child". I felt it was very beneficial and worthwhile.

In conclusion, I wish to thank you, Mr. Osborne, Mrs. Steinert and all who have been so cooperative in helping me perform my duties.

Respectfully submitted,

CAROL I. SLUTER, R. N.

School Nurse

State Audit Report

THE COMMONWEALTH OF MASSACHUSETTS

Department of Corporations and Taxation

Bureau of Accounts

State House, Boston 33

November 21, 1957

To the Board of Selectmen,
Mr. Joseph Chutkoski, Chairman,
Whately, Mass.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Whately for the period from June 19, 1955 to August 3, 1957, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

HERMAN B. DINE

Director of Accounts

Mr. Herman B. Dine,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Whately for

the period from June 19, 1955, the date of the previous audit, to August 3, 1957, and submit the following report thereon:

The financial transactions, as entered on the records of the several departments receiving or disbursing town funds or sending out bills for collection, were examined and checked in detail.

The general and appropriation ledger accounts, as kept by the town bookkeeper, were examined and checked in detail. The recorded receipts were compared with the treasurer's cash book, while the recorded payments were checked with the treasury warrants authorizing the disbursements of town funds.

The appropriation accounts, as recorded on the ledger, were checked with the town meeting records of the town clerk, and all other accounts were checked with information in the departments in which the transactions originated.

The ledger was analyzed, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on August 3, 1957.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records of the departments collecting money for the town and with other sources from which money was paid into the town treasury. The payments were checked with the selectmen's warrants authorizing disbursement of town funds.

The cash book additions were verified, and the cash balance on August 3, 1957 was proved by actual count of the cash on hand and by reconciliation of the bank balance with a statement furnished by the depository.

The records of payroll deductions on account of Federal taxes and the county retirement system were examined and checked, and the payments to the proper agencies were verified.

The tax titles records in the custody of the treasurer were examined. The amounts received on account of redemptions were checked, the taxes transferred to tax titles were compared with the records of the tax collector, and the outstanding accounts were listed and proved.

The securities and savings bank books representing the investments of the trust and investment funds in the custody of the town treasurer were examined and listed. The income was proved, the bequests were checked, the sales and purchases of securities were proved, and the amounts deposited and withdrawn were verified.

The records of charges for the use of town-owned highway equipment and for workmen's compensation insurance were checked with the departmental records. The recorded collections were listed and the payments to the treasurer were verified.

The books and accounts of the tax collector were examined and checked in detail. The accounts outstanding at the time of the previous examination, as well as all subsequent lists of taxes and excise, were audited and proved with the assessors' warrants committing them for collection. The recorded collections were compared with the payments to the town treasurer, the abatements were checked with the assessors' records of abatements granted, the transfers to tax titles were checked, and the outstanding accounts were listed and proved with the town bookkeeper's ledger accounts. The cash balance on August 3, 1957 was proved by actual count of the cash on hand.

Verification of the outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The financial transactions of the town clerk were examined and checked. The receipts on account of dog and

sporting licenses, as well as for gasoline registrations, were examined and checked. The payments to the State and to the town treasurer were verified, and the cash on hand on August 3, 1957 was proved by actual count.

The appropriations were listed from the town clerk's record of town meetings, and the amounts voted were compared with the aggregate appropriations raised by the assessors in the computations of the tax rates of 1956 and 1957.

The records of the board of selectmen and of the sealer of weights and measures, as well as of the public welfare, school, library and cemetery departments, and of all other departments collecting money for the town or committing bills for collection, were examined and checked, and the payments to the treasurer were verified.

The surety bonds of the treasurer, town clerk, tax collector and deputy collector for the faithful performance of their duties were examined and found to be in proper form.

There is appended to this report, in addition to the balance sheet, tables showing reconciliations of the treasurer's and tax collector's cash, summaries of the tax and departmental accounts, together with schedules showing the transactions and condition of the several trust funds.

During the progress of the audit cooperation was extended by all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ

Assistant Director of Accounts

August 3, 1957
